# Easy Unboxing in Three Steps

## Unbox

Unbox the mattress in your desired room.

## Unrolled

Placed unboxed mattress on bed frame, foundation or any other firm surface. Use the opener included to cut and remove the outer plastic carefully.

## Unwind

Now take a deep breath and be extra carefully to cut and remove the plastic sleeve. Your mattress will start expanding immediately.

Things to note:

Your mattress is compressed and may require 48 hours to return its original shape. Please note that your mattress could take longer time to expand if it's delivered in cold weather.

**\*Like any new product, your mattress may have a mild scent upon unboxing. The scent is nontoxic and will typically dissipate within 24 hours.**
