THREAD EXPRESS HANDHELD GARMENT STEAMER

Your space is precious—why store a full size garment steamer when you can get powerful steam on demand using a mere fraction of the space? Thread Express is designed with your space in mind. Ready to steam in under thirty seconds, Express uses intuitive color language to let you know when it's ready for use. The red light means its preparing to steam, but when it turns green a whole bunch of wrinkles are about to get deleted.

Don't let its compact size deceive you. Express packs 1000 watts of power and the ten ounce water tank holds enough water to power through plenty of wardrobe. Less space, more power, longer steam times. Thread Express is function for those who love fashion.

- > 30-SECOND HEATING TIME
- > 1,000 WATTS
